

How to use wordclouds to develop learners' creativity, motivation and thinking

CEFR level: Any level

Exam task focus: GESE and ISE

Aims:

- To develop awareness of how to exploit word clouds effectively

Procedure:

1. Go to <https://wordart.com/> and click on the green 'Create' button at the top right.
2. Type the words/phrases into each line under the Filter column. To add new lines to insert more words/phrases, click on the Add button.
3. Check that all the content is included and spelled correctly. You can choose to use capitals or small letters.
4. Click on the next content area e.g., shapes and choose the word cloud shape

5. Continue by choosing the font, layout and style.
6. Click Visualise to see what your word art looks like. You can edit the cloud, change colour etc.
7. You can download, send a link via Facebook, email, Twitter etc.
