

GAME 3 - BoR 3

Can you find your way through the maze from the blue rectangle at the top to the blue rectangle at the bottom? To help you get there, look for all the words that contain the **/tʃ/** sound at the beginning, in the middle or at the end of the word.

You can go **up** (↑), **down** (↓), **left** (←), and **right** (→) but you can't go diagonally!
